

Complaint & Suggestion Form

Date:

Time:

(HH:MM format)

The purpose of the WAAHEC is to monitor the ethical standards of Aboriginal health research undertaken in Western Australia, and support research which benefits Aboriginal communities. Addressing your complaints and suggestions provides an opportunity for continual quality improvement in this work.

If you are a participant in a research project and have a complaint/suggestion about the practical aspects of your participation, please contact the coordinator of the research project. If you wish to discuss the matter with an independent person you may complete and forward this form or email the Ethics Officer ethics@ahcwa.org

If you are a researcher and have a complaint or suggestion, you may complete and forward this form or email the Ethics Officer ethics@ahcwa.org
