Attendance Requirements

AHCWA's Registered Training Organisation (RTO) has a specific attendance requirement - that with all absences students must provide a valid reason. Failing to meet these standards may result in students deemed not yet competent and unable to complete the course within the expected duration.

It is the RTO's requirement to keep a record of attendance for the RTO, Employer, and Assessment purposes in compliance with the Australian Quality Skills Authority (ASQA 2015), as well as for Centrelink students receiving Abstudy payments.

Student attendance impacts on the course delivery, continuity, consolidation of skills and valid assessment procedures. It is **compulsory** that students attend each training session.

Due to the training taking place in Perth and/or the trainees visiting other health services/campuses, course participants must be fully vaccinated and be able to show proof of vaccination as and when required.

Course Costs

All course materials, catering and costs of travel to external sites during the course are provided. All other costs incurred outside the course are not included and must be covered and arranged by yourself or your organisation/ employer. Support is available for regional participants accommodation/travel (consideration will be decided on an individual basis).
