Yarning about HPV

Hey Mum! What's this **Gardasil 9** vaccine needle I'm getting at school for that HPV thing? You gotta sign a consent form for me to get it.

It's a vaccination that will keep you and your brother safe from, HPV or **human papillomavirus**. Having HPV can give you warts and even lead to cancers when you're older. They reckon that's how your Nanna got cervical cancer.

Find the FACTS...

- FACT** Some HPV can lead to cancer of the cervix, vagina, vulva, penis, anus, mouth, tongue, throat, head, and neck.
- FACT** Early protection is best at ages 12-13 years (Catch up is advised).
- FACT** Get it at school, doctors, health clinic, AMS and some pharmacies.
